CONTRACT PARKER MANAGEMENT
DIGITISED & SIMPLIFIED

SCHEIDT&BACHMANN
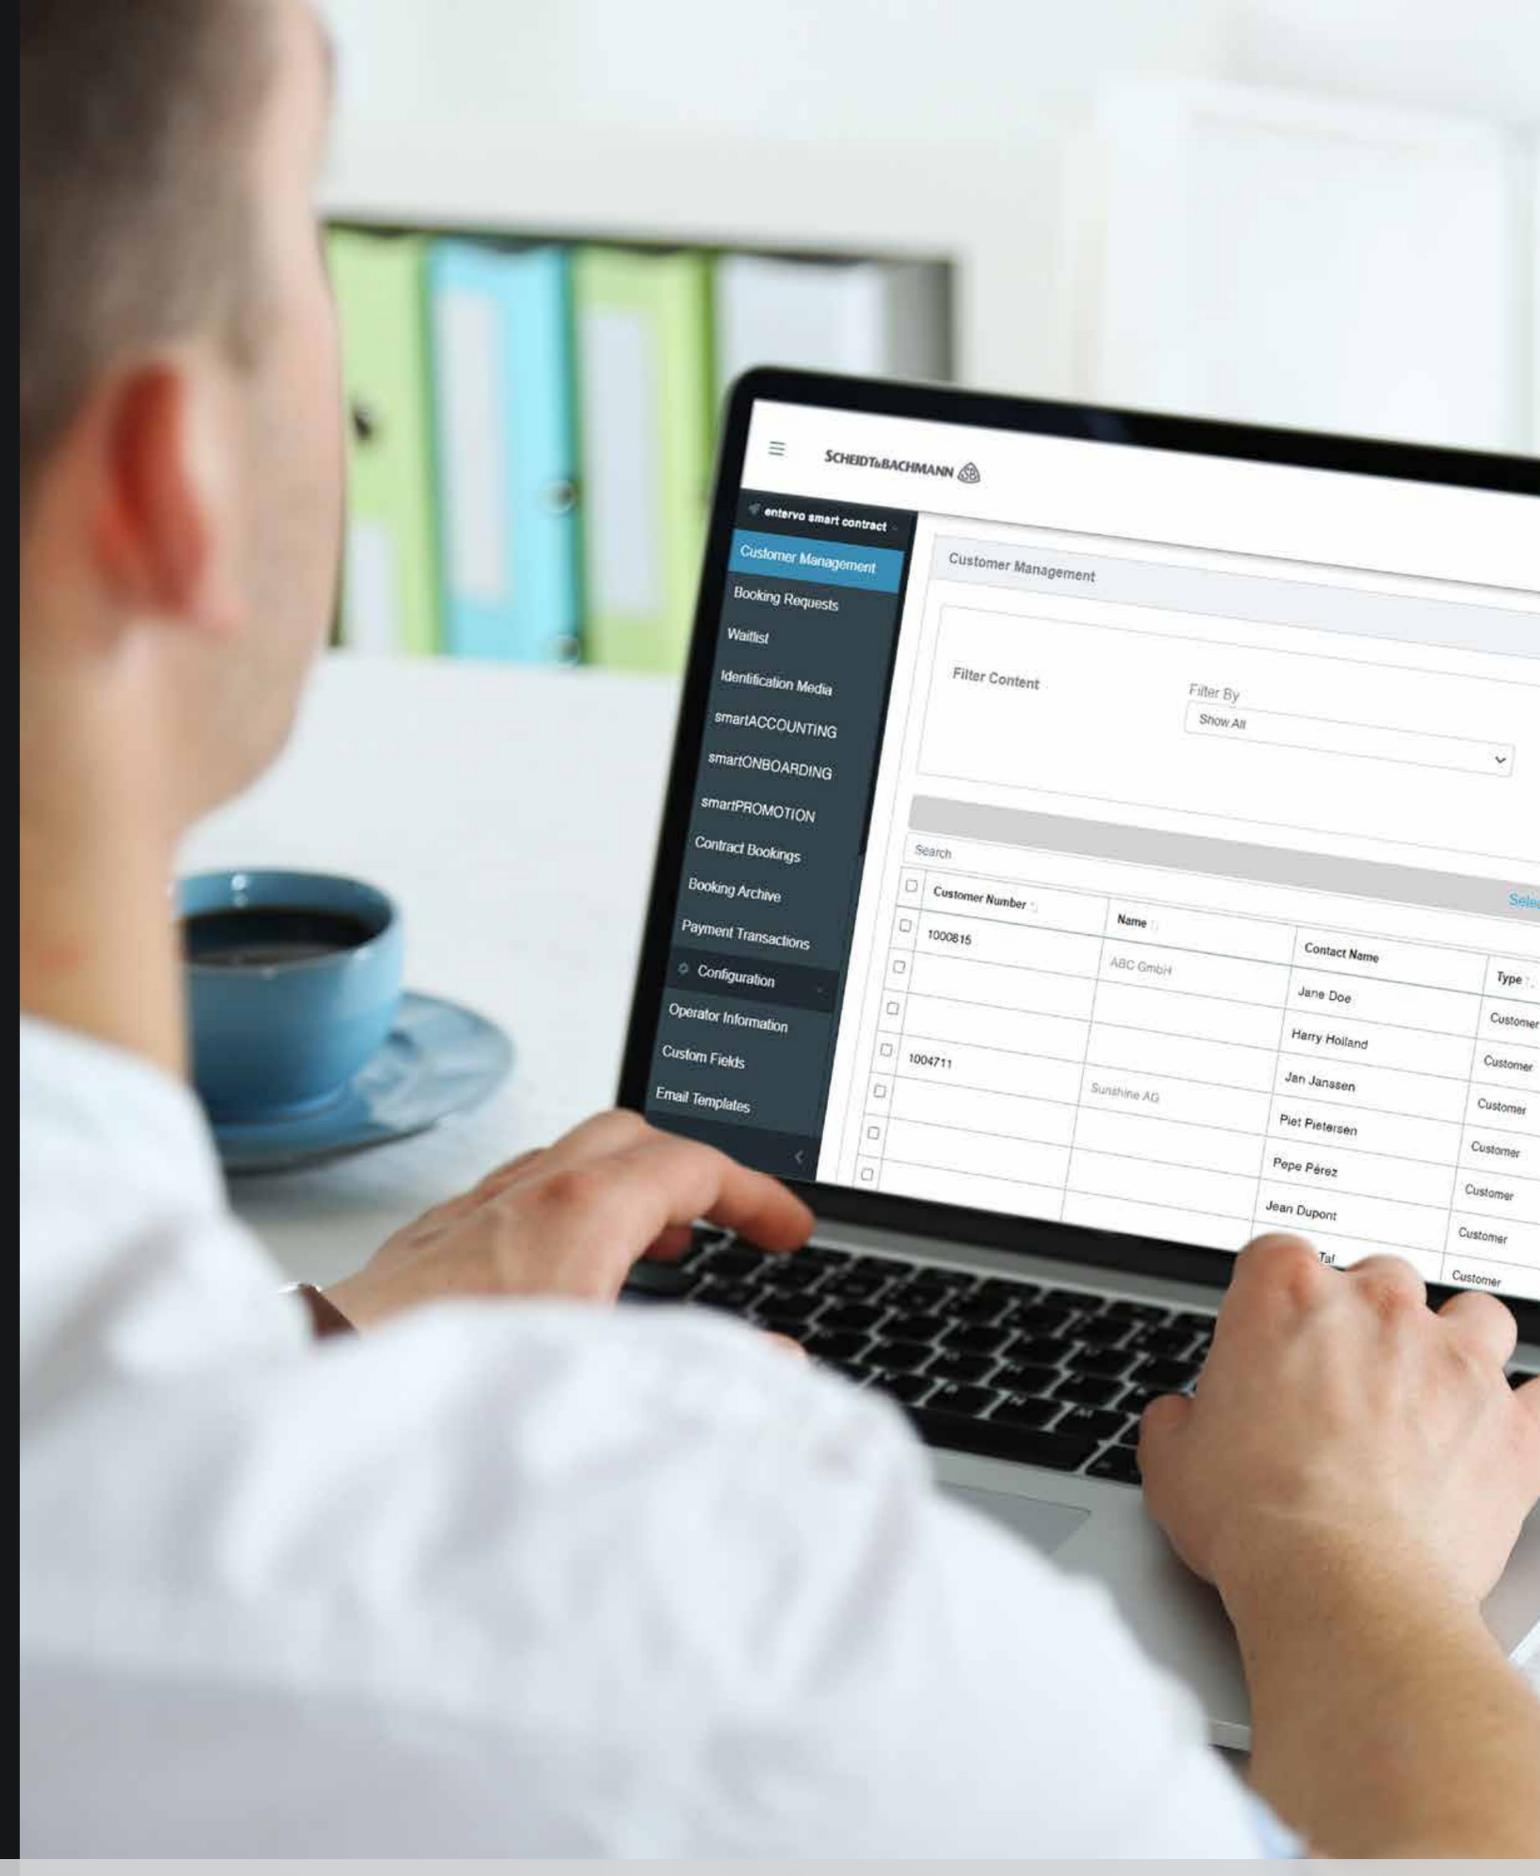

/ PROFIT FROM EFFICIENCY

BY SELF-ADMINISTRATING CONTRACT PARKERS

IMPROVE COMMUNICATON WITH YOUR CUSTOMERS

/ Inform your customer directly

With entervo smart contract you can automate the process for your customers to apply to become a contract parker. The Software as a Service solution benefits from a self-service area where the car park owner/operator can showcase a range of contract parking packages and their associated price(s). Customers can apply and pay for their chosen contract on-line. You will be notified of new applications in real-time and you can accept or reject them or use the waiting list function.

Instant customer contact & live up-to-date records of your contract parking business!

/ Communication: a key to success

ENTERVO
SMART
CONTRACT
CONCEPT

ENHANCE CUSTOMER SERVICE ⑥
In the admin area, you and your colleagues can start liaising with applicants via e-mail and monitor the entire process.
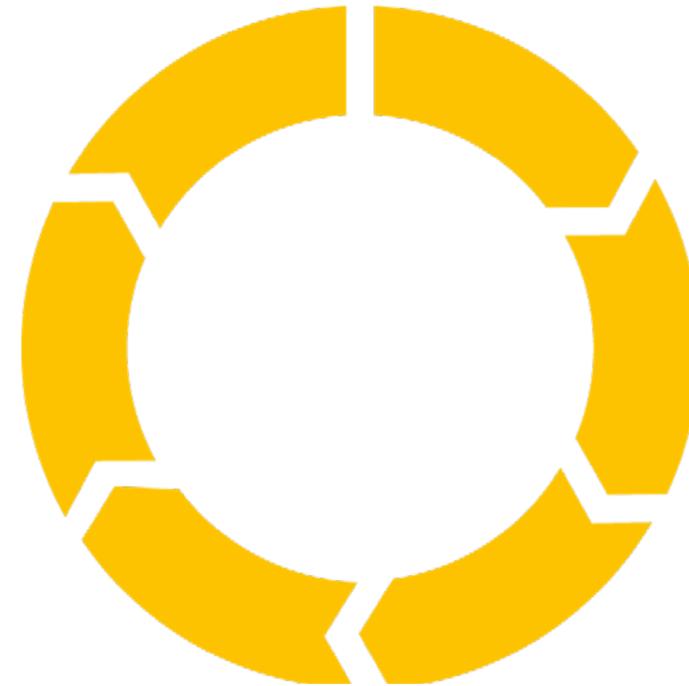

① **PUBLISH PRODUCTS AND OFFERS**
You decide and promote the products you wish to sell via the entervo smart contract landing page.

MOTORIST MANAGES THEIR OWN DATA ⑤
In their personal self-service area the customer can access their data in real-time and can update and ammend whenever necessary.

② **CUSTOMER REGISTERS ONLINE**
After selecting the location/car park and a contract parking product the applicant registers their details.

ONBOARD NEW CUSTOMERS ④
Once you accept the new contract parking applicant, entervo smart contract helps you to onboard them e.g. with automated e-mails.

③ **MANAGE CUSTOMER REQUESTS**
entervo smart contract automatically verifies the customer data and notifies you of new applications.

YOUR KEY BENEFITS
AT A GLANCE

AUTOMATIC VERIFICATION
entervo smart contract automatically verifies all data and payment methods entered by customers.

CENTRAL ADMINISTRATION AREA
You can configure centrally all important customer information, authorisation and design templates.

SELF-SERVICE AREA
Customers update their own data. This reduces errors and increases the accuracy of your invoicing.

INFORMATION VARIETY
You can provide information and promote offers to your customers via the landing page with subpages for every parking product.

UP TO DATE
The SaaS solution ensures that the application is constantly up to date and secure.

HIGH SECURITY
Secure your customer data by using the latest data protection standards.

SUSTAINABLE
Previously paper-based processes become digital, saving you significant resources.

COST-EFFICIENT
Save on postage, paper and printing costs. A more efficient process saves time and money.
